

Growing Points

Ambition and Action!

Become a Guardian!

Do you have a few hours to spare a month?

Do you want to support people from excluded communities to achieve their dreams?

Do you have good social or professional networks?
It's more about who you know, than what you know!

How it works:

1

We get customers referred from various organisations eg the City of Sanctuary or NHS organisations

3

You make a phone call to arrange a meeting in a public place – coffee shops are good!

2

The Director matches referrals up with a Guardian and links them up

4

You agree with your customer what their aims are and start agreeing a plan for what you can do to help and what they need to do.

To find out how you can help, please email tesfalem@growingpoints.co.uk or visit www.growingpoints.co.uk
